

THE DANBURY VOLKSWAGEN FAMILY ESTATE

Turn long journeys into a pleasure — not a cramped nightmare.

The Danbury Family Estate drives like a car, with all the car comforts and speed, and gives six all forward facing seats in matching upholstery, ample storage space, room to move and even space for the largest dogs.

When you want to stop overnight the rear settee slides forwards to marry-up with a deep foam cushion on the engine deck to make a comfortable double bed — and the centre settee reverses to give an ideal dining room.

Don't just buy a car — buy a truly versatile vehicle which gives all year round transport and a holiday home for years to come.
