

Danbury Estate

The estate car with the built-in extras

www.vwT25camper.info - a useful website for owners and enthusiasts of VW T25 / T3 / Vanagon Campervans

family estate

Seven forward-facing seats . . . all to passenger car comfort and safety. Seat belts can be fitted to all seats.

SPACE, SAFETY AND COMFORT . . .
THE DANBURY FAMILY ESTATE has to be your first family car! It offers more luggage space, more freedom and more versatility than any estate car or station wagon could possibly provide.

It is shorter than many estate cars, but due to Volkswagen's superb design and engineering every available inch is used to your advantage – see over the hedgerows, sail along in comfort, with an engine that will never boil dry or overheat.

The Danbury Family Estate has seven forward facing car comfort seats, all reclining – you choose the position you are most comfortable in and then travel with all the luggage, toys, etc., neatly stowed out of sight either on the engine deck or in the attractive lockers provided.

Seat belts can be fitted throughout the vehicle, and there's even room for the dogs to ride on the engine deck.

Use your family estate not only as a passenger vehicle, but as a camper, a school bus, a courtesy vehicle for hotels and airports, or even to deliver the large bulky items the average estate would have to put on a roof rack.

What's it got? It's got the lot!

extras-all at no extra charge

The Danbury Family Estate gives passenger car comfort . . . PLUS . . . all these extras – FREE OF CHARGE

DINETTE

Just swivel the two centre seats to create a comfortable lounge area. The table can then be affixed to the side wall for dining.

COOKING FACILITIES

A stainless steel hot plate, complete with grill is housed in a neat, functional cupboard by the rear settee. 6 gallons of water and a washing-up bowl are also provided. The Camping Gaz cylinder is fitted in a flame resistant cabinet at the rear and is only accessible from the exterior . . . again to meet all safety regulations.

SLEEPING ACCOMMODATION

The Danbury Family Estate even gives you a choice of a double or two single beds.

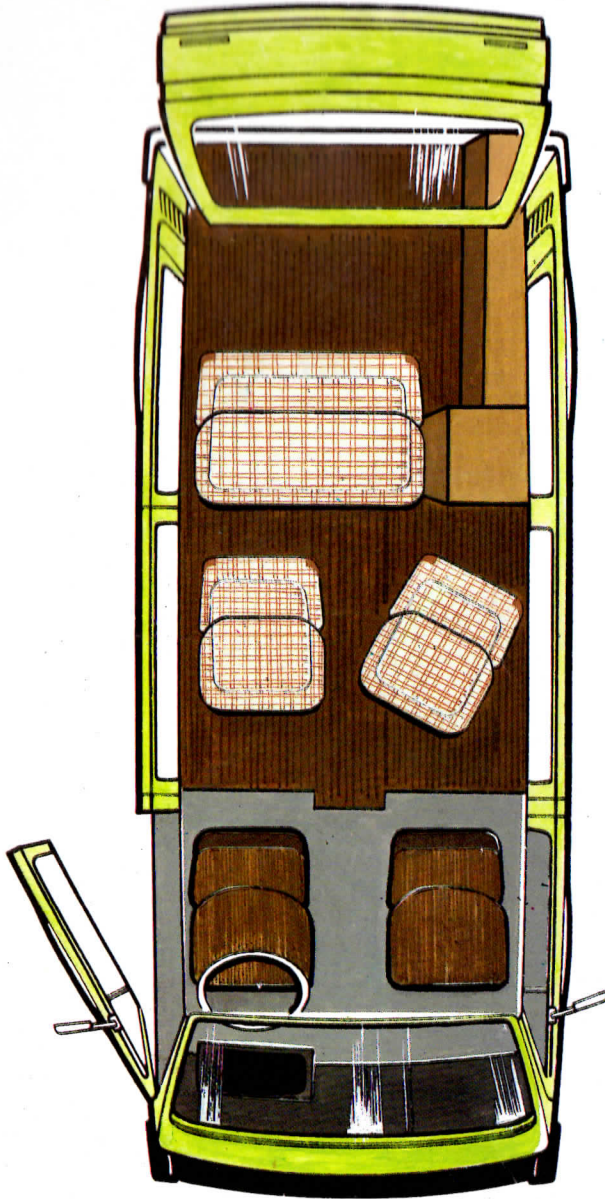

The Danbury Family Estate is probably the only Estate Car that gives you overnight accommodation, cooking and washing facilities and so much room for luggage, children and animals. It's just too good to be true!

Put the children to bed and drive through the night . . .

Enjoy Bed & Breakfast – free of charge . . . children and animals welcomed and more than catered for . . .

The advantages are endless – BUY A DANBURY FAMILY ESTATE and you'll never want any other form of transport!

An optional, manually operated rising roof can be fitted – full length – giving another double bed. It enhances the outline of the vehicle, too.
