

# The new Danbury. Now you're really living.

The new Volkswagen Transporter is quite a vehicle. Real car comfort plus ideal conversion chassis.

**Only the best will do.**  
Volkswagen have kept the best of the type 11 model and updated it by modern technology to take you into the '80's. Step inside and see.

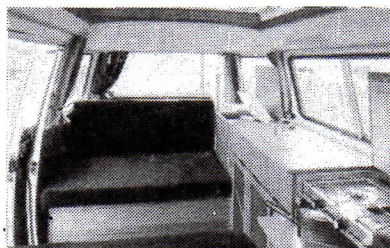

**A luxury family pad.**  
Six of you can sit facing forward so you can use the Danbury as a transporter for 52 weeks of the year.

Once you arrive at your holiday spot you can set up home.

### Home from home catering.

Clunk, click and you're cooking and serving four of the family in the dinette area.

**Everything you need.**  
Sensibly placed service unit gives quick access to stainless steel sink, 35 litre capacity refrigerator.

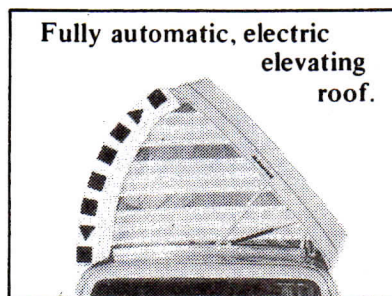

Mains inlet, charge and distribution unit and T.V. socket. Water containers and pump are handy, too.

At the end of the day there are no less than two full size double beds, foam filled for a restful night. One of the beds is in the roof.

And, what a roof . . .  
Fabulous, new

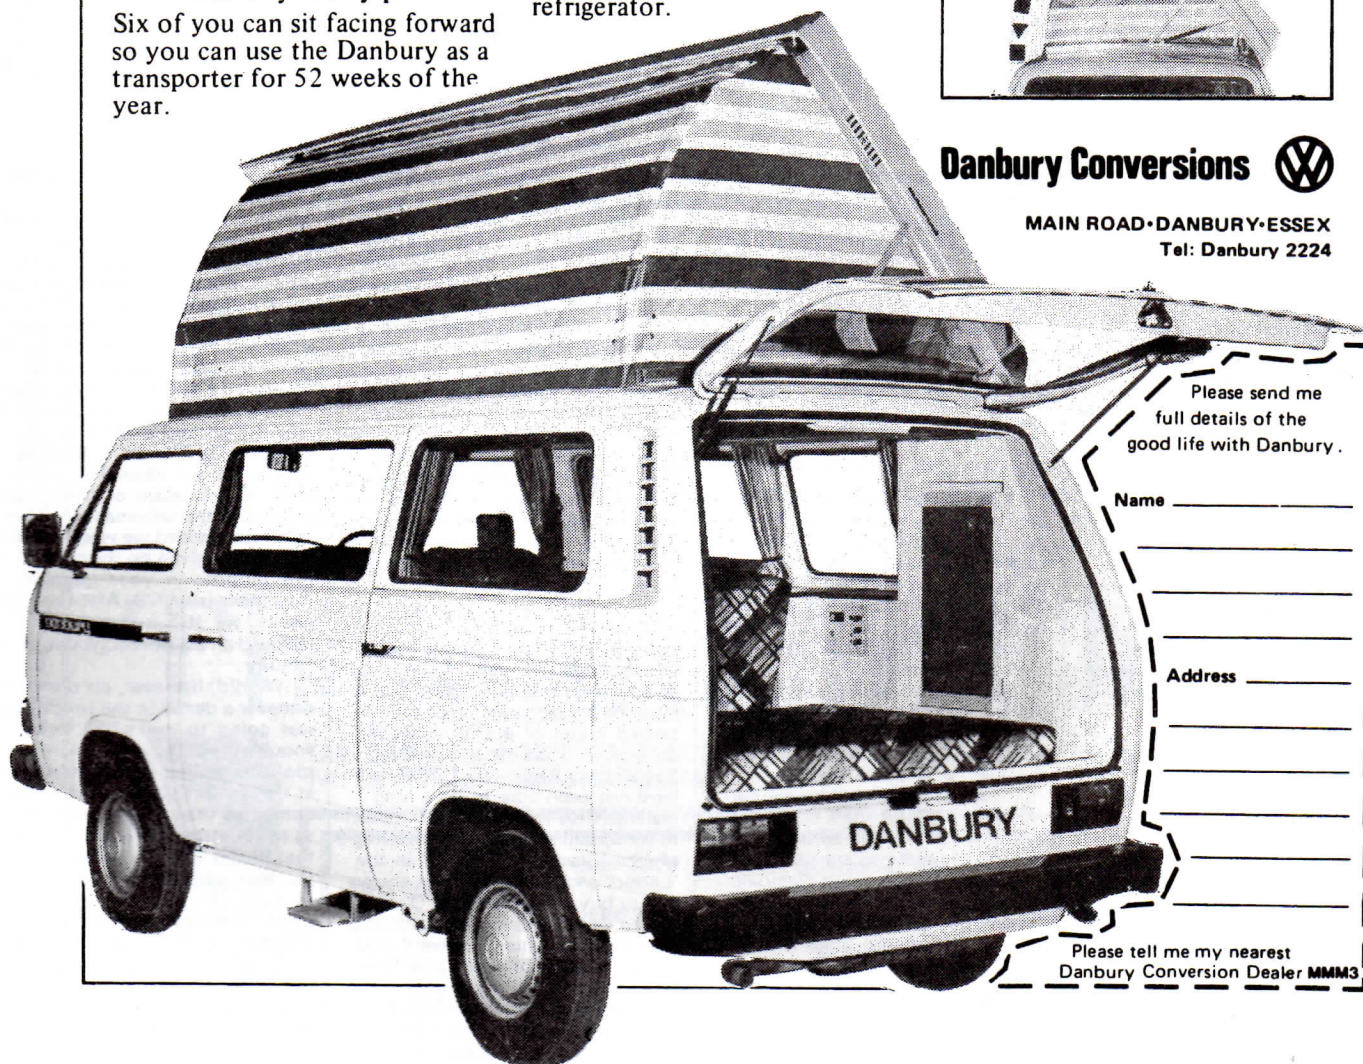

## autorooF

Fully automatic, electric elevating roof.
