

# BUYERS GUIDE

## KEY TO THE GUIDE

The MMM Buyers' Guide now includes only manufacturers whose models can be seen during normal working hours. Addresses and brief descriptions of 'specialist' converters are provided in part 2 of the MMM Directory which follows the Main Guide.

**CHASSIS SPECIFICATION** The standard engine size with the price quoted — say 1.6 litres, and the driven wheels Front (F) or Rear (R) — hence, say 1.6F. Options available at extra cost on the base vehicle: see footnote.

**CONVERSION MFR/IMPORTER ENTRY** For more details please contact them at the addresses given in the 'directory' at the end of the Guide.

**BERTHS** Most models do, of course, give entry to the vehicle via the cab doors, although this is not the case with all 'A' class coachbuilts and in some, dismantables in particular, it is not possible directly to reach the caravan from the cab. This column indicates the door(s) to the caravan area itself — S = side, R = rear.

**STANDARD EQUIPMENT** The standard and maximum number are in some cases given where this is variable — hence, for example 4/5. These figures may include berths which are not full adult sized and often an extra child may be accommodated in a bunk across the cab. Items of equipment included as standard in the conversion:

- F Fridge
- H Space Heater
- M Mains Electrics
- S Shower and Shower Compartment
- T Toilet (the unit not compartment or cupboard)
- O Oven cooker
- WH Water Heater
- WW Waste Water Tank
- OA Specification not available at time of going to press but should be available On Application to Manufacturer/Importer

**DIMENSIONS** These are manufacturers' figures, quoted to the nearest inch. They are NOT guaranteed by MMM.

**PRICES** Prices are ex-works and include Car Tax and VAT (unless otherwise stated). In most cases, therefore, charges for delivery, number plates and Road Fund Licence will be additional to the price quoted.

**ROAD TESTS** Dates quoted are for MMM Road Test reports (full or brief) giving the month and year in which the model was LAST tested. Road Test copies are available from Auto Camping Club, 27 Brighton Road, Hooley, Coulsdon, Surrey CR3 3EJ.

**MANUFACTURERS PLEASE NOTE:** MMM's Buyers' Guide can only be kept up-to-date and authoritative with your assistance and co-operation. Therefore please always send details of new models, revised prices or altered specifications DIRECT to John Hunt, 8 Swan Meadow, Pewsey, Wilts, SN9 5HW.

**READERS PLEASE NOTE:** Whilst every attempt is made to keep MMM's Buyers' Guide authoritative, entries should be considered to be for guidance only and should be checked with the relevant manufacturer/importer or their agents.

**COMMENT** Readers and manufacturers are invited to inform me of any inaccuracies. Please note that many chassis options are available only on certain models. Equipment such as locking differential, available from outside suppliers, is not listed, so watch MMM for announcements. The PRICE DATE column gives the month/year when notification was last received from manufacturers.

Penny Smith
